Dear Sir/Madam,

More has been said about idly functioning or disfunctioning of NRI Association right since its beginning in 1992 but truly speaking it is not so. At times it has slowed down because of lack of enthusiasm amongst the Board Members and also because of no complaints from Members themselves. However, on the understanding of the importance of having such association, certain new members have buckled up to revive the 'functioning' to its normal order. The association is therefore, first on the way to give out in the form of a souvenir; their 20 years achievements.

You would note that from all 1300-1400 members comprise the retired people between the age of 55-70 (assumed to be function able) and the rest (assumed to be nonfunctional). From amongst the first category the association requires the younger, enthusiastic and energetic members to serve the association as Board Members. Unfortunately, we slightly lack in there even today. However, we are managing and therefore, continuing.

As you might know the association's aim is to serve the members related with their problems with regard to their property, finance, travel, personal security etc and getting them out from unfair bureaucratic entanglement and money extortion in this corrupted place of our origin. Such problems are better solved here as a group with the Board Members Team rather than a lonely and a misguided person solving on his/her own. The future generation will obviously guard their parents interests and they should therefore, be equipped with OCI and Life Membership of the association rated presently at Rs. 1,500/= or Stg Pounds 20/= for a person above 18 years.

The association is therefore, advancing to bring to the notice of the concerned to download the application form from the Web Sites of certain relevant organizations abroad. The application will have to be attached with a passport sized photograph and the payment via various ways viz. Banker's Draft, Cheque from NRE or Local A/C written on the name of NRI ASSOCIATION OF KUTCH and Cash to be carried to Kutch by a trusted person. You could also download the association's Board Members' List for your handy assistance.

Lastly, the association is equipped with the resources for tackling the foresaid problems right from the local authorities, state government, central government, affiliated NRI Associations in Gujarat/the country as a whole and the NGOs like Gujarat Samaj in Gujarat State.

Hence, support the NRI Association of Kutch to be supportive; in order to keep the anxieties away and have a happy stay while you have come to Kutch for a short/long break.

God bless everyone.

From:

Board Members,

NRI Association of Kutch.

Date: / /2012.
